

Examples for IF fields

testvalue = 2

Simple 1

0>2: false

0<2: true

Simple 2

0>2: That's false

0<2: That's true

With a table

| | |
|---------------|--|
| Testvalue = 2 | |
| | |

Note that number_ngs doesn't work properly inside a field. But bullets should always work fine.
